Somerby's attorney assured the prosecutor that his client would come here whenever wanted, but the fact that he keeps aloof has led the prosecutor to believe that the ex-susupremer will not stand trial if he can escape by any technicality. It is believed that the court's processes will be resisted when arrests are attempted, and that a fight will be made to get the prisoners here for trial. The governor is preparing the requisitions with great care, so as a technicality.
